**QUALIFICATIONS:**

I am a long-time resident of Grantsville, and I am proud to have raised my family here. I have a proven commitment to serving the citizens of Grantsville. I was involved in coaching youth sports for many years. I have served on the Old Folks Sociable Committee. I am currently a leader in the Boy Scouts program. I have organized "Meet the Candidate" events. As a long-time member of the Grantsville Volunteer Fire Department, I have served as Assistant Chief and Chief. In conjunction with the Fire Department, I have been very involved in fire prevention programs for our school children. I was also instrumental in initiating more quality Christmas decorations at Academy Square. For several years, I also organized the Santa parade and activities.

As a city councilman, I would have a commitment to be informed, to be fair, and to be available to the citizens of Grantsville. I feel that Mayor Marshall and the current City Council members have worked hard to put the city in a better financial situation. I would continue with those efforts. I am a fiscal conservative and would not be in favor of raising taxes.

I would appreciate your support as we work together for Grantsville.
